**TIRES FOR THE 21<sup>ST</sup> CENTURY**

**G-3**  
**DUAL NATURE**

# G-3

## DUAL NATURE™

THE G-3 H/V TIRE FEATURES "DUAL-NATURE"™ TECHNOLOGY, ENABLING THE TIRE TO BE CUSTOMIZED TO THE CAR BY MOUNTING EITHER SIDE OUT, DEPENDING ON THE DESIRED PERFORMANCE.

 **VEENTO**

Large circumferential grooves evacuate water from tread surface improving rubber to road contact. Multiple cross grooves and sipes cut through water to help the tire grab the surface of the road for more secure driving on wet roads.

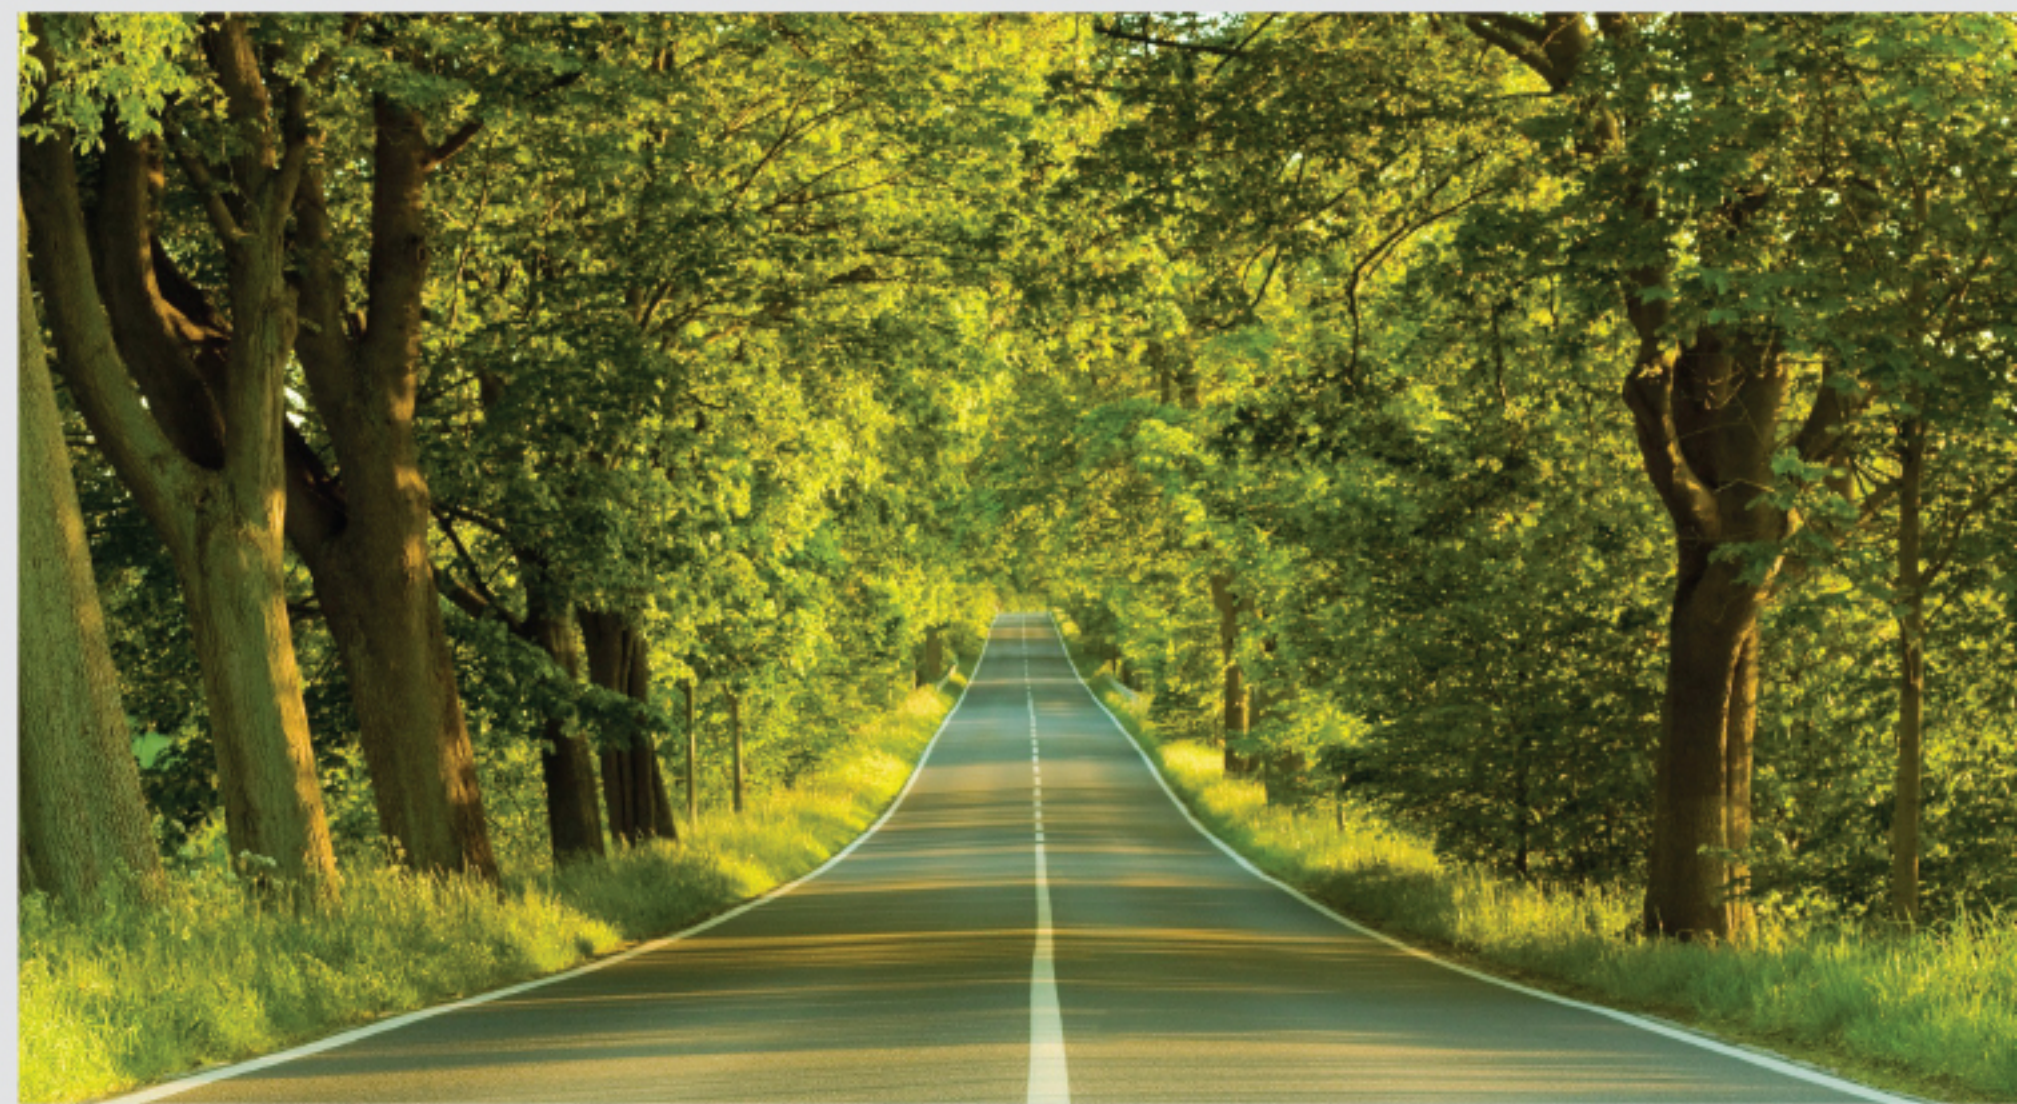

Constant contact tread design with long-life tread compound ensure a smooth, comfortable ride that maximizes fuel efficiency.

Multiple pitch variation - Shoulder blocks of various lengths help to cancel out pattern noise. Longitudinal tread design - consisting mostly of circumferential tread block "ribs" and grooves reduce "pushing of air" laterally to the outside of tire, greatly reducing tire noise.

**MILEAGE** 40,000 Mile Limited Treadwear Warranty
